Eban self saw Ben Vigier yesteday. Shag expounded question infiltration and Scopus as per your 265. Vigier took copious notes. Ben remained scrupulously speechless. On canal project emphasized conclusions Council debate which already in evidence

ONE Syrian complaint that project contravention AA not supported.

TWO Weight discussion and resol even if amended clearly in favour reconciling interests their civilian context and such reconciliati only condition resumption work.

THREE Doctrine indispensability Syrian consent unaccepted.

FOUR General hope is way will be found for continuation project. Here Ben interjected this also his hope. Shag indicated we would like enter into urgent neg with him immediately afteradoption resol. Ben and Vigier declared will be able do this as soon as hydraulic experts appointed. Re land rights Ben observed didnt receive full cooperation in obtaining maps at Safad. Finally informed him our latest demarches Sec Gen re Art 12 and Suez. On former emphasised importance Jordan doesnt discredit procedu which may be best venue improvement rels other Arab states parti Syria with whom we shall be seriously interested enter negs as soon as digging canal resumed. On Suez stressed our goal not rel confiscated cargo but abolish illegal blockade wherein cannot acquiesce and may have to pursue matter Sec Council. Ben raised question Auja apparently under impression right establishment settlement in DZ also in question. We enlightened him on situati and Vigier concurred. Ben and Vigier flying back today.
