Dear Mr. Shoretz

It is many years since I wrote you but I must take Pen in hand to write you, that something must be done to show up the lie of the Prevailing Whisky Campaign against Anbari in that if they are returned to Power they will devalue the Currency

This is doing great harm to our Country

May I suggest that Anbari make a Press statement that they have no intention to devalue our Currency now or in the near future

I although not a Anbari member Voted to Post time and will do so this time together with the family  
Wish you success.

Best Wishes

Sincerely

Harri Seal
