Less understand practical importance second para  
your DALET 645 since interested correspondents have immediate  
repeat immediate explanation my call Selwyn Lloyd not delayed  
one such as would destroy news value. Despite repeated requests  
we received no instructions. If coordinated action desired such  
matters need decision before not after action.

We told press my call on Lloyd was "to discuss present  
situation Mideast" not mentioning presentation Note. Suggest  
same <sup>be</sup> said DC. Believe no need arouse Arab suspicions by  
mentioning Note.
