Foll personal reflection on 228: understand that in new  
circs our line wld be present note first and decide on public  
campaign if any later and in light reaction powers. In view Byroad  
assurances in talk with Sar myself and Lloyd remark on leakage  
it is plain that Westerners are prepared push our interests only i  
we ourselves are not visibly in picture, thus utility press release  
doubtful. Suggest now we return whole matter to private diplomacy u  
position clearer.
