Baghdad, August 10.

The Iraqi Government tonight decided that an inquiry be opened with the English-language newspaper "Iraqi Times" in connection with its hostile attitude towards Egypt's decision to nationalise the Suez Canal Company.

The newspaper had earlier published an article suggesting that Egypt should permit the passage of Israeli ships through the Canal.

"Injures dignity":The Iraqi Foreign Ministry described the attitude of the newspaper as one which injures the dignity of Iraq and the Arabs, particularly since Iraq has announced its support of Egypt in respect of the nationalisation of the Suez Canal Company.

The attitude of the "Iraqi Times" has aroused the indignation of the Iraqi press. The Baghdad daily "Al Yaqzan" said that the English-language newspaper must remember that it was published in the capital of Iraq, and should respect public opinion.-M-E.H.
